WORK EXPERIENCE

mgm technology partners Vietnam (Da Nang) - intern Nov 2023 - Jan 2024

Position: Front-End Developer

Experience:

- Based on the design provided. I implemented the website using **ReactJS** technology and intergrated interface such as **MaterialUI**. The goal was to redesign component for optimal reusability.
- Utilized **DnD Kit library** to implement advanced drag-and-drop functionality.
- Ensured type safety and improved code quality using **TypeScript**.
- Collaborated closely with a cross-functional team in an **Agile Scrum** environment.
- Participated in daily stand-ups, sprint planning, and retrospective meetings.
- Managed tasks and workflow efficiently using **Jira**.
- Employed **Bitbucket** for version control and collaborative code reviews.
- Automated deployment processes with **Jenkins** to ensure continuous integration and delivery (CI/CD).
